

## **Cub Scout Dads Erect New Fence**

It's often said good fences make good neighbors.

Perhaps with that in mind, a handful of local Cub Scout Pack 546 dads led by Den 11 Leader Todd Kaminski last month tore down the decrepit wooden fence lining the west entrance to the Silver Gate Kindergarten level and installed a sturdy new one in its place.

The volunteers carried out the work the weekend of Aug.18-19. The six-foot-high fence, along the back of the house at 1479 Venice St. was long covered in overgrown shrubbery and in danger of collapse. The nearly \$1000 in lumber was paid for by the homeowner.

Along with the Kaminski family, the work party included the Shinohara, Goodwin, Olson, Vedder, Kelleher, Glover and Pakistan families. Needing a bit more help in the heat of the weekend we were joined by Brad Parker and Cameron Armstrong to finish the project. Heartfelt apologies to anyone that was missed on this list.

The project was carried out as a way to show Pack 546's appreciation for use of Silver Gate's auditorium and grounds for its monthly Cub Scout meetings. Pack 545 has about 100 boys, drawn from Silver Gate, Sunset View and several other elementary schools across Point Loma. The first Pack Meeting, to organize for 2007-2008 events and for new member enrollment, is Sept. 18 at 6:30 p.m.
